A Bill Regarding UMC Food Services

Bill History

The UMC Board Chair was made aware of a push for a merger between UMC Food Services and Housing and Dining Services in early April 2015. On Tuesday, April 14th, the UMC Board was first made aware of this. At that meeting, the Executive Director of Housing and Dining Services explicitly said there would be a Memorandum of Understanding (MOU) that addressed the concerns that students raised during discussion on the topic.

At the following Tuesday's UMC Board meeting, on April 21st, the then-President of Student Affairs for CU Student Government explicitly said there would be an MOU process, of which student representatives would take part. The then-President of Internal Affairs also explicitly referenced an MOU as well. Following that discussion, the
UMC Board voted to begin the process of merging UMC Food Services with Housing and Dining Services, many Board members having done so on the condition that there would be an MOU.

There has been discussion around the details behind a merger of UMC Food Services, but there has not been an MOU nor has student input from CU Student Government or the UMC Board specifically been part of those discussions.
