VI. Public Open Hearing
   A. Breezy: Feedback on Homecoming.
      i. There was a survey sent out in case you are not comfortable stating
         your feedback.
      ii. Rep. Ballard: The link does not work. How involved were you with
         Homecoming last year? What do you think were the biggest
         improvements?
         1. The link has been fixed and should be updated. The privacy
            setting should of been changed. I didn’t shadow Boneth last
            year, I did flyers. The biggest improvements were school spirit
            and the parade.
      iii. Sen. Izar: East campus was completely neglected. Also, how can you
           engage graduate students better?
           1. We had a committee that represented each campus. We had
              two people from RHA to put flyers up in the Residence Halls. I
              came into this blind and went off what they did last year, but
              this is something that we will take into consideration. We will
              definitely reach out to them next year.
      iv. Rep. LaCombe: If people keep doing the say thing, how will things be
          changed.
          1. Things were actually changed this year, this is also why we sent
             out the survey. We will continue to improve outreach to reach
             everyone because that seems like the biggest concern. I will
             pass down a binder to help the next person.
      v. Proxy for Rep. McCleery: When were you hired? Have you brought up
         the idea of hiring someone else earlier?
         1. I was hired end of June, beginning of July. This year
            homecoming was 2 week earlier so time was a concern.
vi. Rep. Yen: How have you incorporated international students?
   1. With the yard show and the different fraternities and sororities.
      We are looking into expanding the committees to incorporate everyone.

vii. Rep. Coleman: It was awesome to have the parade on Pearl, the
     marching band really enjoyed it.

viii. Sen. Izar: Another group to partner with are people who are living in
      family housing.

ix. Pres. Trevino: Homecoming has come a long way since 2009. Having it
    down on Pearl was awesome and that is something that should
    continue.

VII. Presidential Action Items

VIII. New Business

A. 83LCB010- Student Fee Payment Calculation
i. Repeals 50LCB that was passed in 1999. Up until now it has been
erally easy for Bursar to charge students for the summer, but classes
have changed and professors have different length classes. Since
some of the courses will not fall in the current lengths (5 weeks, 8
weeks, and 10 weeks), we propose a change to those sections. 3-6
weeks, 7-9 weeks, and 9+ weeks. Also, it has been proposed to have
one flat fee. We also have to take into consideration the Rec Center
and the revenue that they get over the summer.
      a. Existing language, can be clarified.
   2. Rep. Hawkins: Is this bill just for summer fees?
      a. The bills is for all fees, but the change that we are
         proposing is for all of the fees.
   3. Rep. Ballard: Do Maymester have extra fees?
      a. No, it just goes on with the spring semester.
   4. Sen. Coleman: It doesn’t really seem that it can be any simpler?
      Can we change it for the second reading? Maybe add numbers?
   5. Pres. Trevino: Maybe we should talk with the Bursar’s office to
      get an equation and work with them on the mathematical
      formula.

   ii. Passed on first reading.

IX. Reports

A. Executives:
   a. Busy week, we had a lot of events surrounding the debate. On Tuesday
      we partnered with Spark, it came together last minute, but we had a lot
      of representation from the candidates.
   b. The Watch Party was a really huge success! Half of the media that
      showed up didn’t tell us that they were coming until this week. We had
      about 600 students attend. We had a pretty well known Colorado
journalist come and moderate. NBC Universe sponsored it. There was a lot of dialogue about what students really care about. We were able to bring residents of Boulder in to the watch party as well as out of state and international media.

i. Rep. LaCombe: How were CUSG tickets for the debate distributed?
   1. About 3 weeks ago we were approached to send 25 names. UGGS, the liaison of CUSG grad students.
   2. We ended up having to go to 10 students.

ii. Rep. Fair: I had a friend be kicked off the Farrand Field and the last minute cancellation for the Swing Dancing Club. I just want to know if you knew the process of the cancellation of student groups and how we are going to value student groups in the future.
   1. We didn’t know those things were cancelled. If we were ever to host a big event like this again, we would force ourselves into those meeting rooms so that we know what all is going on.

iii. Rep. Rugh: As far as the CUSG ticket allocation, why wasn’t that information relayed to us 3 weeks ago because we would of had names to contribute to the list.
   1. So this is something that we have thought a lot about, the communication between the Executive Branch and the Legislative Branch. Nothing was concrete, so we did not feel comfortable to say that information until we knew exactly what was going on. We did our best to pick a good representation of CU’s campus.

iv. Sen. Izar: Do we know if any international students present?
   1. We do not know.
   2. Rep. Bove: There were at least 2 international students who were present.

v. Rep. Hawkins: I know the communication has kind of been off, sometimes it feels that it is a blatant disregard. How should we communicate in the future.
   1. Maybe we can have a bi-weekly meeting with all of the leaders of each group.

vi. Rep. Ballard: When you say that we could’ve done things better, we had a clearer discussion of what the raffle process would be. Why was that raffle process not entertain.
   1. We wanted a representative sample and not a random sample.

vii. Rep. Bove: I was wondering as someone you constitute as someone who deserves the tickets?
1. We wanted it to be represented and we wanted to have students who as deserving. We wanted students that have helped improve students lives. The reason why we didn't do a random sample is because there was going to be engagement with people in the audience.

viii. Rep. LaCombe: I did want to mention that there has been some miscommunication between the branches. It seems to be that it is based on who you know in CUSG and then you get the perks.

c. Diversity Commission is meeting Tuesday nights.

d. The Rec Board is considering some changes inside of the Rec. Filling the empty space that isn't being used. We will be holding some student and faculty forums.

B. Council of Colleges and Schools Chair
   a. We saw one group tonight.

C. Representative Council Speaker
   a. We approved a funding request from a law group on campus. They are working on implementing LSAT courses on campus.

D. Committees: Appointments, Election, Rules

E. Commissions: Legislative Affairs, Diversity Affairs, Sustainability
   a. Sustainability: Food day was last week, it was relatively successful. We are working on a carbon offset program and sustainability training for people on campus.

F. Colleges and Schools: ASSG, Leeds Business, Education, Engineering, Environmental Design, Graduate, Journalism, Law, Music

G. Joint and Advisory Boards/Liaisons: Air, Cultural Events, Distinguished Speakers, Environmental, Finance, Recreation, Student Group Funding, UMC, VRC, CSI, Freshman Council
   a. CEB: Ben & Jerry’s came last Wednesday. 10/10, great event.
      i. Next event is next Thursday at 7PM, a poet based out of Boulder.
   b. UMC: In the Veterans Lounge we currently have the bell that was on the USS Colorado, hopefully by November 10th we will have the bell from the battleship of the USS Colorado.
   c. Finance: We had our first meeting in a month, we approved a bunch of first quarter reports.

H. Treasurer

I. Vice President

J. Legislative Council President
   a. As far as we know, elections are done and voting is over. We should hear preliminary results tonight or tomorrow morning. The earliest the elections can be final should be next Tuesday. The earliest this session can end is November 12th. If there are any issues, plan on November 19th.
b. Leg Manual is still not finished.
