   A. Pres. Soto: Norm from CSI is retiring at the end of the month. He has done an amazing amount of works for students on campus and student organizations. It is sad to see him go, if you know him send him an email wishing him well. He has given a lot to the university.
VI. Public Open Hearing
VII. Presidential Action Items
   A. Ratification of Distinguished Speakers Board Member, Kyle Weatherbie
      i. Emma - Chair of DSB: We have elected Kyle, he is a hard worker and will be a good addition to the team.
      ii. Kyle: I am a junior studying business. I have been on the board for about 2 semesters. I saw this as a great opportunity to step up and give more to the board.
         1. Rep. Ballard: Have you had any other PR experience?
            a. I have had an internship with a business in Boulder.
         2. Rep. McCleery: If you could bring anyone to campus, who would it be?

VIII. Old Business
    A. 83 LCB 11 CUSG Archives
       i. Pres. Soto: There are going to be changes besides what we talked about last time. The archivist did not get back to me in time.
       ii. Rep. Hawkins: Are all CU Boulder students going to have access?
           1. Anyone with a buffone card should have access.
       iii. Pres. Trevino:
1. My plan was to talk to Megan. We were not able to talk a ton. She always reviews our legislation in general. I am confident to say that she supports it as it.

   iv. Approved.

B. 83 LCB 12 Public Works Commission
   i. Not a ton of new information right now. The UMC Board expressed support of it. They asked some clarifying questions as well.
   ii. Sen. Izar: This is in regards to the email you sent. Do you want people with certain backgrounds or those who are just available at that time.
   iv. Rep. Rue: I am glad that it was brought to the UMC. I know that it won’t affect them correctly, but the art will be here so it was good to let them in on the process.
   v. Pres. Ahaneku: I would like to move to amend the title of the bill to Creative Works.
   vi. Pres. Soto: This is a more correct way of naming the bill.
   vii. Approved.

IX. Reports
   A. Executives
      a. Pres. Soto: We sent out a position letter about what happened at Missouri. It was obviously that it was the opinion of the Tri-Execs and not CUSG as a whole. We talked about fighting for stronger gun safety legislation. We wrote a statement on what happened in Paris, Beirut, and Baghdad. We have heard that Muslim students are facing a higher rate of discrimination as a result of these occurrences. We are still moving forward on gender inclusive housing.
         i. Rep. Ballard: Were you able to get in contact with the president of BSA?
            1. Yes I did. We are planning on having a meeting and she has pointed me to the letter that she posted on Facebook and other posts.
      b. Pres. Ahaneku: we met with the call centers to see what they are all working on. They are all working on some pretty awesome things. My goal was to meet with the boards under CUSG that fund different student organizations. I just wanted to make sure that it is clear. The meeting will be about the funding board applications to find a more streamline way of having an application. I have heard complaints from students about the amount of forms that they have to fill out when requesting funds. Hopefully we can find some middle group that will pertain to all of the boards and then specific questions as the end. Also, working to make everything paperless.
      c. Pres. Soto: There are just a couple of aspects with the outreach bill that we will have to change.
d. The Chief Justice: The outreach bill, there were just a few issues. My overall concern is that the bylaws are supplementary to the constitution. The reporting conflicts for the bill conflicts with our bylaws. Something for you all to keep in mind is that if you all have any constitutional questions, I am available and I am happy to answer them all.

B. Council of Colleges and Schools Chair
   a. We saw one bill on first reading, Graduate Student of Asian Studies.

C. Representative Council Speaker
   a. Saw three bills, two of them were requesting funding for the same event. We got our bylaws approved. Helps hold our students accountable.

D. Committees: Appointments, Election, Rules

E. Commissions: Legislative Affairs, Diversity Affairs, Sustainability
   a. Sustainability: I am making strides on Carbon Offsetting.

F. Colleges and Schools: ASSG, Leeds Business, Education, Engineering, Environmental Design, Graduate, Journalism, Law, Music
   a. Law: Working on the first memos. In three weeks we will be having stress dogs. We will keep you updated.

G. Joint and Advisory Boards/Liaisons: Air, Cultural Events, Distinguished Speakers, Environmental, Finance, Recreation, Student Group Funding, UMC, VRC, CSI, Freshman Council
   a. DSB: We have decided to announce the speaker the week after break so look out for that. You will be hearing about that sooner than expected.

H. Treasurer
   a. After looking at everything for this semester, it is one of the lightest years in the last three years.

I. Vice President

J. Legislative Council President
   a. As you know this is our last meeting of the 83rd session from the members who will not be continuing into the 84th session.
   b. The manual is almost finished.
   c. We need to look at the student fee documentations. It is suppose to be looked at every year. If you are interested in looking at that document, let me know.
   d. When you see April, thank you for all that she did tonight. She put in a lot of work.
   e. I want to personally think Sen. Izar and Sen. Stock for being a part of Leg Council.

X. Goodbye Speeches
A. Sen. Stock: So I came into this as a freshman last spring. Everytime I come here I am so impressed with everyone. I am flattered to be on this board and be a part of change.

B. Sen. Izar: First of all, thank you for the honor of letting me sit at this table, listening to me ramble, and listening to me announce people. I want to thank you for this learning experience. I have been involved in politics since I was 12. It was interesting to see how American politics works. Trying to navigate these things. I hope I was able to provide a different perspective. We were very lucky that this year was a huge year for student government. We got to see the Republican debate and learning how we are going to respond to different things coming to our campus. We do have some sort of power and we do have a voice. If not listen to us, they at least know that we are here. I hope you guys keep having fun, because if you aren’t having fun than it is not worth it.
